A diagram of a 10x10 grid. The grid is divided into four quadrants by a vertical line between columns 5 and 6 and a horizontal line between rows 5 and 6. A green shaded region is located in the center, consisting of a 4x4 block of cells. The top-right cell of this green region is white, while the other three cells in the top row of the green region are green. The numbers 1, 2, 3, and 4 are placed in the top-right, middle-right, middle-left, and bottom-left cells of the green region, respectively.
